The **Land of Nod** (Hebrew: אֶרֶץ נֹד, *eretz-Nod*) is a place mentioned in the **Book of Genesis** of the **Hebrew Bible**, located “on the east of Eden” (*gidmat-Eden*), where **Cain** was exiled by God after **Cain** had murdered his brother **Abel**. According to **Genesis 4.16**... “**Nod**” (נֹד) is the Hebrew root of the verb “to wander.” (לָנַד).

THE "land of Nod" has no other reference in Scripture. It represents no known geographical name or place.

The name seems to derive from the Hebrew, "nad," which means "to wander." Cain himself described his fate in just that way: "from thy face I shall be hidden; I shall be a fugitive and a wanderer on the earth."

Origin of Asian Race

God favoured Abel's sacrifice
A **settled society** not dependant on following **seasonal animal migration** was the **evolutionary step forward**... hence, Cain became a wanderer in the **Land of Nod** east of **Eden**.
The **Land of Nod** includes **Siberia (Asia)**, the **Beringia colony**, and both the far north of **Canada** and the **Rocky Mountains Pacific Coastline**....

A Bantu witch doctor was brought to Australia and asked to interpret cave art depicting fish around certain figures. He said that these fish were seen by astral traveling shaman.
Can the same be true of similar images of Enki?

The Tarim mummy
She's a **mudblood** from the Ancient Aryan Migration - They found that nearly half of the girl's DNA came from the ancient north Europeans who lived in what is now Scandinavia. The rest of her genetic makeup was a roughly even mix of DNA now carried by the northern and southern Native Americans. Using evolutionary models, the researchers showed that the ancestors of the first Native Americans started to emerge as a distinct population about 35,000 years ago. About 25,000 years ago, this group mixed and bred with ancient north Asians in the region, the descendants of whom went on to become the first white Europeans to settle the New World.

Abraham - father of Zion & Islam - and Sargon / Moses
As Sargon the Great had been born of an ark (i.e. a basket) found on a riverbank and adopted by a Princess (viz. a very young **Nefertiti** L H P). This founding archetype is common to many other myths and legends. Now, the **Dead-Prince Djhutmose** was in actuality son of the **Hebrews** (i.e. the **Hyksos overlords**). The **Hyksos** were charioteers; “sand-rambling shepherds” (viz. Abraham and Sarah... and of the children of Jacob/Israel) - tyrants which manipulated finance, speculating on grain commodities, and responsible for creating **famines** in which excess “**goyim**” (“cattle”) perishes in their genocide - their holocaust sacrificed unto their God-damned **Golden Bull-Calf**.
The **Hyksos Dynasties** overlapped with those of true Egyptians (Abraham being 12th Dynasty **Pharaoh Amenemhat II**) whose despotic stranglehold on the economy and political intrigue because of the **High Priesthood of Ammon**. Although challenging his adoptive brother **Akhenaton**, and ruining that **HOLY FAMILY**, it was **Moses's** betrayal of **Ramesses the Great** at the **Battle of Qadesh** which supposedly established his claim on the **Land-Between-of-Promise**.
